HIGH-END PROFESSIONAL HAIR TOOLS BY HAIR DESIGNERS FOR HAIR DESIGNERS

美 術 家

Y.S. Park Professional tools including brushes, combs, scissors and accessories are made in Japan from quality, professional grade materials. Every Y.S. Park product has been designed to suit the needs of a busy hair stylist to make life easier in the salon.

Innovation

Using high grade materials for comfort, precision and durability, these innovative, luxurious tools are a dream to work with.

Research & Development

Y.S. Park is committed to the research and development of high quality professional hair tools providing the ultimate foundation for all facets of hair styling.

Endless Possibilities

Y.S. Park pride themselves on having the right tool for every hairdresser or barber. The products are available in a range of sizes, colours and types to suit your personality, brand or working style.

Y.S. PARK COMBS

Y.S. Park's distinct and unique designed combs are tailored for every stylist. Each comb crafted for a specific purpose. Made in Japan from super imido plastic, combs will resist heat up to 220 degrees celsius. This standard exceeds any other brands highest grade of Carbon combs. Y.S. Park Tail and Cutting combs that are "BLACK" in colour are made from Carbon with a heat resistance of 150 degrees celsius. Built to be strong yet flexible, contributes to its durability. Designed with texture for the stylist grip and crafted for the head shape. This allows stylists to create with precision and speed without compromising the cut or style. Not only the visible etched Y.S. Park, but the signature ventilation ovals used for measurement and flexibility distinguishes the Y.S. Park brand from all other combs. Y.S. Park believes a comb is a tool used as an extension of stylists' hands, being just as important to convey their technique.

EXTRA LONG ARAHA WHITE COMB WITH GUIDE

228mm | YSG33 | LIST PRICE \$26.50

- Shortened first tooth for separating hair easily and quickly.
- Round teeth to mimic human fingers which minimises damage and keeps even tension at all angles.

METAL END QUICK WINDING TAIL COMB

225mm | YS112B BLACK CARBON - YS112C CAMEL - YS112W WHITE
LIST PRICE \$11.50

- The classic pin tail comb with fine teeth, suitable for colour work and creating accurate part lines.
- Fine Teeth.
- Shortened first tooth for separating hair easily and quickly.
- Gradual Decreasing Pitch (GDP): the spacing between each tooth is gradually narrowed by 1/100 mm from the previous tooth, creating equal tension through the entire length of the comb in a single stroke.
- Made from imido plastic, which is up to 220°C heat resistant, chemical resistant and has a strong yet flexible body.

VOLUMISING TEASING COMB

218mm | YS150 BLACK CARBON - YS150P PINK
LIST PRICE \$20.00

- Three rows of teeth, this unique design ensures when back combing you achieve great volume with precise detail.
- Inner row made from carbon to reduce frizz.
- Zig-Zag design within the inner row teeth which has been specifically designed to efficiently gather hair and creating fine volume.
- Made from imido plastic. Heat resistant up to 220°C and chemical resistant.

BARBER BLACK CARBON COMB

187mm | YS254 | LIST PRICE \$11.50

- It is super flexible allowing you to reach and cut any angle of the scalp, even the really tricky spots like behind the ear and along the nape line. It is also perfect for trimming facial hair.
- Made from imido plastic. The soft type is heat resistant up to 110°C and is extra flexible allowing you to flex the comb against the scalp without pushing too hard against the head.
- The regular type is chemical and heat resistant up to 220°C and has a strong yet flexible body.
- Thinnest part only 1.1mm.

SHORT WHITE HAIR DESIGN COMB

167mm | YS252 | LIST PRICE \$11.50

- This comb is super flexible allowing you to cut at any angle by pushing flat against the curvature of the head, even the tricky spots like behind the ear. As the comb is only 1.8mm thick it will allow you achieve close cuts.
- The soft type is heat resistant up to 110°C and is extra flexible allowing you to flex the comb against the scalp without pushing too hard against the head.
- The regular type is chemical and heat resistant up to 220°C and has a strong yet flexible body.
- The flexible spine is designed and shaped to the fingers for comfort.
- Great for shorter hair and closer edges.

Y.S. PARK COMBS

CLIPPER & CUT COMB BLACK CARBON

195mm | YS280 | LIST PRICE \$23.50

- Cleverly designed cross between a standard cutting comb and a clipper comb.
- Designed to give barbers a single tool that covers both scissor and clipper work.
- Textured, ergonomic grip that makes it comfortable and easy to hold and there's a large hole in the handle to make it easy to hang up at the end of the day. Along the 280's spine are Y.S. Park's signature sectioning holes, spaced 1 cm apart to make it simple to pick up even sections.
- Suitable for clipper-over-comb work and have a gradual pitch (meaning they're 2-mm thick at the edge and 4.5-mm thick at the spine) which means that they hold sections securely while you cut.

FLAT TOP COMB BLACK CARBON

240mm | YS282 | LIST PRICE \$23.50

- Large, classic clipper comb with Y.S. Park quality and innovation.
- Designed for all kinds of clipper-over-comb work including fades, tapers and flat tops. It's made with extra-rigid teeth to ensure they won't flex under your clippers, giving you precise results.
- The handle's been moulded with a non-slip, "leather" pattern and has an ergonomic shape that helps you hold the 282 comfortably and securely.
- The teeth have a gradual pitch (2-mm thick at the edge, 3.8-mm thick at the spine).

BIG ROUND TOOTH BLACK CARBON CUTTING COMB

200mm | YS452 | LIST PRICE \$28.00

- Recommended for long hair.
- Shortened first tooth for separating hair easily and quickly.
- Wide and rounded teeth.
- Made from imido plastic. Heat resistant up to 220°C and chemical resistant.
- Built in measuring system through the holes - spaced 1cm apart.

Y.S. PARK PRO WOOD STYLERS BRUSHES

W:80 D:45 L:240mm | YS120CC1 | LIST PRICE \$159.00

Y.S. PARK STRAIGHT SHINE STYLER PURE BOAR BRISTLE BRUSH

Has a slight oval shaped barrel which makes this brush the perfect choice for sleeker straightening when blow drying | Designed to dry the hair quickly with over 200 air holes within the barrel to promote better air circulation resulting in faster drying | 100% pure boar bristles made of the highest quality to give even more gloss and body | 18 rows of bristles | Lightweight wooden core | Designed for total control, with a slim neck for easy rotation and an ergonomic handle | Non-slip natural grip

76mm | YS602 | LIST PRICE \$80.00

Y.S. PARK NECK BRUSH

Made from waffled white horse hair | Super light hollowed wood body for a better airflow | The handle's comfort grip is engineered with air holes built-in to prevent clammy hands, providing you incredible control over each stroke | Comfortable tactile grip for an organic feel.

GENTLE NECK BRUSH

YS504 | LIST PRICE \$78.50

Gently remove fine, short hair stubbles from around the nape and collar line.

Y.S. PARK THINNING SCISSORS

The "comb shape of blade" of the thinning scissors safely thins and removes weight from a cut while reducing damage to the hair's cuticle | Better for a natural looking style | Will not tangle the hair while cutting and great for dry cutting | Made of Cobalt Steel

15% THINNING SCISSORS

6 Inch | YSATR30 | LIST PRICE \$899.00

- Due to the large number of narrow teeth (30) the line of cut is not as clearly visible creating more texture.
- Rate Cut 15%

20% THINNING SCISSORS

6 Inch | YSATWR30 | LIST PRICE \$899.00

- The rounded shape of the teeth gives a softer cut.
- Hair will not "slip" not only from the cutting grooves, but also from the teeth themselves.
- Rate Cut 20%

Y.S. PARK CUTTING SCISSORS

With original symmetry hole handle structure, these will fit and form to hands, while lightweight body balance makes for rhythmic cutting. Hands will not tire, even with continuous cutting for longer lengths of time. The little finger hanger can be easily removed from the moving blade. With Convex Blade | Made of Cobalt Steel

5 INCH CUTTING SCISSORS

5 Inch | YSAS5 | LIST PRICE \$749.00

5.5 INCH CUTTING SCISSORS

5.5 Inch | YSAS5.5 | LIST PRICE \$799.00

6 Inch | YSAS6 | LIST PRICE \$849.00

6.5 INCH CUTTING SCISSORS

6.5 Inch | YSAS6.5 | LIST PRICE \$899.00

7 INCH CUTTING SCISSORS

7 Inch | YSAS7 | LIST PRICE \$949.00

Y.S. PARK PROFESSIONAL COLOUR TOOLS

TINT BOWL 350ML

YSTINTBOWL | LIST PRICE \$19.50

- Elegant and efficient.
- Coated with TPX - less oxidization and stains.
- Easy cleaning.
- Deep enough to hold tint brushes when not in use.
- Precise measuring lines inside.
- Teeth on the rim for removing excess colour.

TINT BRUSH & COMB

230mm | YS640 | LIST PRICE \$18.50

- Combined tint brush and comb.
- Crimped bristles to ensure maximum hold of colour to avoid drips.
- Wide tail to fit comfortably into your palm.
- Shortened first tooth for separating hair easily. Round teeth to mimic human fingers which minimises damage and keeps even tension at all angles.
- Made from imido plastic. Heat resistant up to 220°C and chemical resistant.

TINT BRUSH

165mm | YS645 | LIST PRICE \$18.50

- Unique curved handle to allow brush to lie on flat surface without staining.
- Designed to be easy to hold even with gloves.
- Unique bristle shapes to easily reach hard to colour areas, like the nape line and around the ears, by a simple flip of the brush.
- Crimped bristles to ensure maximum hold of colour.
- Made from imido plastic. Heat resistant up to 220°C and chemical resistant.

SELF STANDING PRO JUMBO BLACK CARBON COMB

225mm | YS601 | LIST PRICE \$14.50

- Perfect for basin and tinting work.
- Will not dirty your workbench as the unique design allows the comb to sit upright, no mess.
- Shortened first tooth for separating hair easily and quickly.
- Crimped bristles to ensure maximum hold of colour.
- Made from imido plastic. Heat resistant up to 220°C and chemical resistant.

Y.S. PARK PROFESSIONAL TOOLS

PARK NECK FITTER

YSNF | LIST PRICE \$42.00

- Made from natural rubber in two thickness's.
- Adjustable sizes to fit any person, including kids.
- Durable and long lasting, even in a busy environment.
- Lightweight, only 28g for the 0.3mm and 36g for the 0.6mm.

BLACK SPRAYER

220ml | YSSPRAYER | LIST PRICE \$25.50

- Made from durable vinyl chloride, a high impact and resistant material.
- A tin weight at the end of its water tube allows a full spray at any angle, right to the last drop.
- Tin purifies water, removes poisons, and absorbs impurities.
- Stylish and efficient.

METAL MESH DIFFUSER

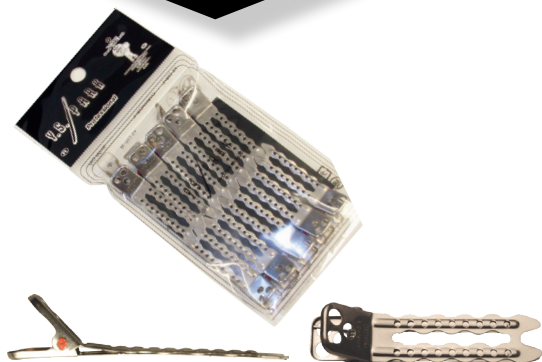

Large 140mm (Width) x 160mm (Length) x 50-100mm (Width of Neck) | YSDFL | LIST PRICE \$42.50

Small 90mm (Width) x 120mm (Length) x 40-90mm (Width of Neck) | YSDFS | LIST PRICE \$35.50

- The metal mesh retains the heat, allowing you to control a softer, more manageable heat whilst blow drying.
- Adjustable strap which fits on any hair dryer.
- Easy to fold and takes up little space.
- The large diffuser is suited to heating larger areas whilst the smaller size concentrates the heat onto specific areas.

Y.S. PARK PROFESSIONAL TOOLS

DOUBLE CLIPS - 10 PER PACK

YSDC | LIST PRICE \$16.50

Y.S. Park's single wave and double wave clips are perfect for setting waves!

SHARK CLIPS - 2 PER PACK

LIST PRICE \$12.00

These durable clips, with an incredibly strong spring serrated 'shark tooth' edge. Designed to control even the thickest hair with ease and precision. Great, fun colours available to match your kit or to add some colour.

YSSCBLACK

YSSCRED

YSSCPINK

YSSCGOLD

YSSCPURPLE

HAIR CLIP X 5 LARGE BLACK

YSCBLACK | LIST PRICE \$19.50

This mighty clip is the ideal choice for tinting or sectioning. Made from full aluminium body, the clips are strong and very lightweight. The holes at the grip make it easier to hold without slipping out of your hand and with the strong holding power, this clip will become a favourite in no time. This clip has anodised coating and stainless steel spring to make it a resilient partner to the stylist that demands performance and durability. It's extra strong spring grips the hair and its finger length facilitates ease of use. When cared for properly this clip will last you years, unless your co workers steal them!

HAIR CLIP X 10 MEDIUM BLACK

YSCMBLACK | LIST PRICE \$19.50

Don't let the size fool you! This small but mighty clip is the ideal choice for tinting or small sectioning. Made from full aluminium body, the clips are strong and very lightweight. The holes at the grip make it easier to hold without slipping out of your hand and with the strong holding power, this clip will become a favourite in no time.

CHIGNON CLIP X 5 BLACK

YSCHIGNON | LIST PRICE \$19.50

A clip that is formed in the shape and length of fingers for creating up-do's. It is designed to replicate the use of fingers. It will hold large and thick sections of hair firmly. A longer clip does not mean it will hold larger and thicker sections of hair better. A clip that is finger length is sufficient.
